

INTERCOLLEGE GLOBALTRAINING

Intercollege Globaltraining was formed in 1991. Initially it was operating under the name Accountancy Tutors, but three years later it consolidated with Intercollege to form Intercollege Professional Studies.

The founders of Intercollege Globaltraining, Odysseas Christodoulou and Christos Vlachos were induced back in 1991 by the unprecedented international demand for professional knowledge and skills to form a professional training organisation in Cyprus to meet the needs of the local financial market. They were soon driven by the rapid growth in the world financial markets to develop Intercollege Globaltraining into the leading professional training organisation in Cyprus, the Middle East and the Balkans.

Operations in Greece began in 1996, setting the standards for professional training in Greece. Intercollege Globaltraining was the first organisation in Greece to offer structured course programs leading to prestigious professional qualifications such as the ACCA, CFA, CIA, CIPR and many specialised seminars for the financial services sector.

Operations in Romania began in 2007. Intercollege Globaltraining is a pioneer in professional training in Romania offering a wide range of structured professional courses that no other training organisation in the country offers.

Intercollege Globaltraining offers a variety of professional qualifications to satisfy any need. You may choose the mode of study you prefer to follow, whether this involves classroom-based study in Cyprus, Greece and Romania or our "Live-On-Line" courses which offer the flexibility of studying at home.
